*Or a place where your rights to a:*

- \* Decent home
- \* Child Care

***ARE TOTALLY INADEQUATE OR UNFAIR?***

The Jersey Rights Association was formed in 1990 to address some important basic rights; rights which are taken for granted in many countries. Since then the Association has held discussions with many States Committees and States Members on such topics as Housing, Immigration, Unemployment, Maternity Rights and Electoral Reform and has become an organisation whose opinions are respected. Indeed, several States politicians started their political career through the JRA.

The Jersey Rights Association is the only organisation in Jersey working for improvements for all the Island's residents. We are always seeking new members because, the more members we have, the more effectively we can represent the views of the majority.

To join us, please complete the membership form and return with the joining fee. If you would like to attend a meeting before joining, please telephone 780800.
